On 5/22/2019, within the Filing Window, I submitted a Form 462 (FRN #18659531). I did not receive a notice of denial email or, have a posting on MY PORTAL of a status of denial or received. My filing was complete and I am providing a copy of the involved Network Cost Work Sheet as verification. If I had received either of these methods of notice I would simply re-submit, but correct the funding year to FY2019.

If I had received either of the two methods of notice (email or posting on MY PORTAL) Could have also re-submitted, through my consortium, under FCC Order 19-45.

Is this FRN #18659531 still in processing? I would like to know so that I can inform my consortium member of this unfortunate event and their loose of potential subsidy.
